

Recommended template for your README files:

## # Project Reflection Template

### ## Summary

[Provide a brief overview of your project.]

### ## Languages and Libraries Used

[List the programming languages, libraries, and tools utilized in your project.]

### ## Key Learnings

[Reflect on the main skills you practiced and insights gained from completing the project. Do not limit them to technical skills, remember as a Data Scientist a core part of your job is communicating technical insights to non-technical audiences.]

### ## Challenges Overcame

[Share any challenges encountered during the project and how you overcame them.]

### ## Additional Reflections

[Feel free to add any additional reflections or insights gained from working on this project.]
